REPORT AND ORDER
(Proceeding Terminated)**Adopted: April 18, 2001**

;

Released: April 25, 2001

By the Chief, Allocations Branch:

1. The Allocations Branch has before it a multiple docket Notice of Proposed Rule Making¹ setting forth four separate proposals to allot an FM channel to a specific community. Two of those petitioners filed comments in support of their proposals reaffirming their intentions to apply for the specified channels, if allotted. Each of those proposals complies with all Commission technical requirements and we continue to believe that each proposal would serve the public interest. Accordingly, we adopt those two proposals as originally proposed.

2. This is a multiple docket proceeding initiated in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Report and Order. Each proposal has its own docket and rule making number and the Commission's Reference Center has maintained a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We discuss below the following proposals:

¹ See 65 FR 64924 (October 31, 2000).

A. MM Docket No. 00-194; RM-9972

Action: At the request of David C. Schaburg, we are allotting Channel 234A at Paradise, Michigan as the community's first local aural transmission service.

Coordinates: The reference coordinates for Channel 234A at Paradise are 46-37-42 North Latitude and 85-02-18 West Longitude.

Additional Information: This allotment is at city reference coordinates and does not require a site restriction. In its comments, petitioner submitted additional information to establish that Paradise, Michigan is a community for allotment purposes. Further, the Rand McNally Commercial Atlas & Marketing Guide (2000 Ed.) states that Paradise has a population of 340 persons. The foregoing information establishes Paradise's community status for allotment purposes.

C. MM Docket No. 00-197; RM-9975
